[Verse 1]

                  F                  C  
Come up to meet you, tell you I'm sorry  
                                  Cadd2  
You don't know how lovely you are  
Am          F  
I had to find you  
                  C  
Tell you I need you  
                  Cadd2  
Tell you I set you apart  
Am          F  
Tell me your secrets  
                  C  
And ask me your questions  
                  Cadd2  
Oh, lets go back to the start  
Am          F  
Running in circles  
                  C  
Coming up tails  
                  Cadd2  
Heads on a science apart.

---

[Chorus]

F  
Nobody said it was easy  
C          Cadd2  
It's such a shame for us to part  
F  
Nobody said it was easy  
C          Cadd2          G  
No one ever said it would be this hard  
C - F - C - Cadd2  
Oh, take me back to the start.

[Verse 2]

Am          F  
I was just guessing  
                  C  
At numbers and figures  
                  Cadd2  
Pulling the puzzles apart  
  
Am          F  
Questions of science  
                  C  
Science and progress  
                  Cadd2  
Do not speak as loud as my heart  
Am          F  
Tell me you love me

                  C  
Come back and haunt me  
                  Cadd2  
Oh, and I rush to the start  
Am          F  
Running in circles  
                  C  
Chasing our tails  
                  Cadd2  
Coming back as we are

---

[Chorus]

F  
Nobody said it was easy  
C          Cadd2  
Oh it's such a shame for us to part  
F  
Nobody said it was easy

No one ever said it would be so hard
